# Construction begins on justice and policing hub

The City of London Corporation, the Ministry of Justice and the City of London Police have celebrated the start of construction on a 45,785 sqm civic scheme to boost the justice system's work to crack down on fraud.

Funded and delivered by the City Corporation, the Salisbury Square Development on Fleet Street will house the City of London Law Courts and a state-of-the-art headquarters for the City of London Police and is due to be completed in 2026.

With 18 courtrooms, the City of London Law Courts will combine magistrates, civil and crown courts in one flagship facility. The courts will harness new technology and modern ways of working to try economic crime cases.

As the lead force investigating cyber and economic crime nationally, the new headquarters will equip the City of London Police with the tools needed to face the challenges of 21st century policing.

Home to 2,500 jobs – 400 of which will be newly created – the scheme will generate an estimated £51m in productivity benefits (Gross Value Added) per year.

## Green light for refurbishment plan

The City Corporation has resolved to approve the refurbishment and extension of Cripplegate House, which will create 15,471 square metres of high-quality, Grade A flexible office floorspace together with a new community and cultural space.

The refurbished and extended building at 1 Golden Lane – proposed by Castleforge – will add an extra 2,485 square metres of space to the existing site to meet continuing strong demand from occupiers in the Square Mile.

The scheme will form part of Culture Mile, with the community

and cultural space at ground level set to be combined with new public artwork and murals around the site. This will be accompanied with other public realm and lighting enhancements around the site.

It will be designed to high sustainability standards, incorporating a significant element of integrated urban greening, climate resilience and energy efficiency. The scheme targets BREEAM 'Outstanding' and adopts Circular Economy principles. A total of 222 long stay and 14 new short-stay cycle parking spaces will be provided to encourage active travel.

## On the ball

Portraits of the Euro 2020 England men's football squad and its manager, Gareth Southgate, are being shown at the City Corporation's Guildhall Art Gallery.

From Harry Kane and Jude Bellingham to Bukayo Saka and Raheem Sterling, the free exhibition, 'This is England', features

the most successful men's national team since the winners of the World Cup in 1966, after reaching the final of Euro 2020.

Artist Matt Small's paintings, which are on loan from Moniker Foundation and managed by JG Contemporary, will be on display in the Temple Room at the gallery.

The artworks celebrate the diversity of what it means to be English today and recognises the players' superb teamwork and admirable stance on equality, inclusivity, and racial injustice.

## Don't lose your vote

City of London elections are your way to help shape the future of the Square Mile. Unlike elsewhere, both workers and residents can vote and you must re-confirm your registration each year. If you are a City worker, you can request a vote at your organisation at [www.speakforthecity.com](http://www.speakforthecity.com)

Voter registration forms must be received by 16th December. If you would like to receive this by email or have any questions, please contact [electoralservices@cityoflondon.gov.uk](mailto:electoralservices@cityoflondon.gov.uk).

While the next election for all Common

Councillors will not be held until 2025, elections for Aldermen and by-elections may be held at any time. If you are passionate about the City and are interested in standing for election in the future, please find out more at [www.speakforthecity.com/stand](http://www.speakforthecity.com/stand)

## Statement of community involvement

The City Corporation is to ask people for their views on a new Statement of Community Involvement setting out how engagement and consultation will take place with the Square Mile's communities on planning applications and planning policy matters.

The revised Statement of Community Involvement replaces one previously agreed in July 2016. It incorporates consultation and engagement lessons learned during the pandemic, when new and innovative ways to communicate with stakeholders were introduced effectively.

This includes making provision for online and hybrid meetings and consultation events, the use of new presentational techniques such as 3D modelling and the use of QR codes.

These will be utilised alongside more traditional methods to increase engagement in planning matters.

The City Corporation continues to encourage developers to consult with local communities ahead of taking their proposals forward by submitting a formal planning application. To ensure this is done well, draft guidance for developers on the City Corporation's expectations has also been prepared for consultation.

Both the Statement of Community Involvement and the developer engagement guidance will be issued for public consultation then brought back to the Planning and Transportation Committee for further consideration and formal approval.

## COMMUNICATING WITH THOSE WHO LIVE AND WORK IN THE CITY OF LONDON

### City of London's 694th Mayor Alderman Nicholas Lyons

For over 800 years the Lord Mayor Elect has been officially admitted as Lord Mayor of the City of London in a ceremony known as the "Silent Ceremony", entirely conducted in silence. This took place on 11 November. We welcome our new Mayor who will address financial literacy and financial inclusion in his 'Financing our Future' theme during his one-year term.

### Climate Action Strategy Billingsgate Ward Pilot Coming Soon

Another timely initiative taking place in our ward as we participate in the City of London's Climate Action Strategy pilot to achieve Net Zero in the square mile by 2040 (or earlier!). As one of four wards to be selected; we will be reaching out to better understand your climate issues, knowledge exchange on actions and engagement for driving improvements in our ward. Collectively, we can build better resilience for now and the future.

### City of London Police

#### Monument Cluster Ward Panel: Pc Tim Osborn

A cyber awareness email was sent on 18th October which is part of the "Cyber Griffin"- City of London Police on various services provided free of charge. Whether you are an independent, vendor, SME or large corporation, they are able to help.

**Contact via [cyber.griffin@cityoflondon.police.uk](mailto:cyber.griffin@cityoflondon.police.uk).**

Our local PC, Tim Osborn, held a crime update on Friday 11th November at Fishmongers Hall. He went through crime statistics and Cyber crime. I will be organizing various meet-ups with PC Osborn and shall announce dates soon.

He can be reached for:

- Crime or individual matters
- Crime prevention stalls to prevent thefts and other crimes
- A cyber crime talk to you and your buildings (residential or office)
- Bike markings for theft prevention

#### Sector Policing: East Ward

Another development by the City of London Police is to introduce "Sector Policing". We are part of the East Ward with our own "Dedicated Ward Officers" within the Monument area. The aim is to provide a single point of contact and help the force's response to live-crime, as well as long-term issues and emerging threats specific to each area.
