

Vision & Mission for CFIT, within the perimeters set by HMT and CoLC

Vision

The UK is the global leader for financial innovation

Mission

To accelerate opportunities and unblock barriers to growth for fintech, by bringing together the best minds from the ecosystem, to drive better outcomes for consumers and SMEs across the UK

CFIT's core objectives...

- CFIT will bring together time-limited 'coalitions' of experts from across the finance and technology ecosystem to address barriers to fintech sector growth in line with the priorities identified in the Kalifa Review.
- CFIT will support the creation of high-income tech-based employment nationwide, firms achieving global scale, and improving access by citizens and small businesses to financial services.

...driven by

Research and data generation

Regional coordination by prioritising enhanced connectivity across the regions

Supporting the pipeline of talent by providing skills development opportunities
