Kelly's Directory Search for the City of London.

As part of the City of London Corporation's contaminated land investigations, the Kelly's Directory was consulted for the years 1817, 1840, 1850, 1870 and 1890. Information relating to site use which may have led to site contamination was extracted. *Please note: There are limited records of street renaming and renumbering in existence prior to 1863. If a business is listed as existing at a site, it has been listed for your information only and is intended to assist with your information gathering and potential site investigations. The Corporation can not confirm that all businesses were identified at the time of investigation and can not confirm the business was actually located on site or if this address relates to its current location.*
