# Setting up FaceTime

- ▶ Open your iPhone's Settings. It's a grey app with gears on it. You'll likely find it on the Home Screen.

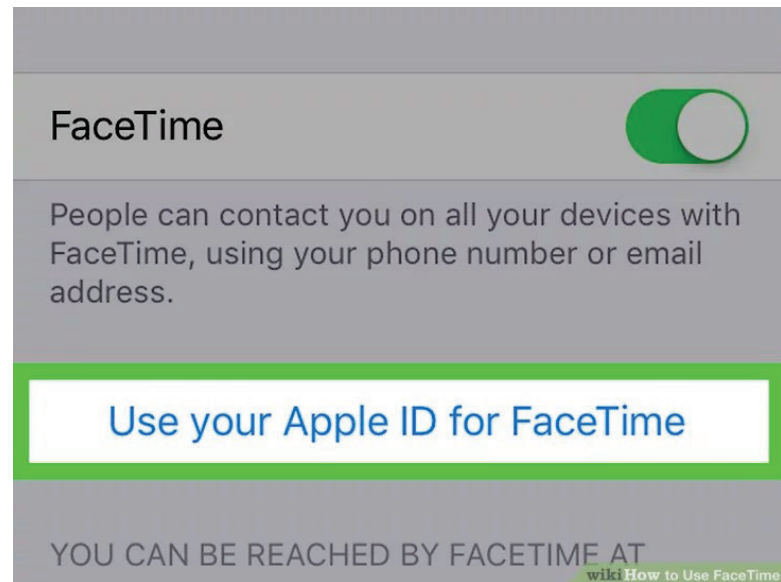

# Setting up FaceTime

- ▶ Scroll down and tap FaceTime. It's about a third of the way down the Settings page.

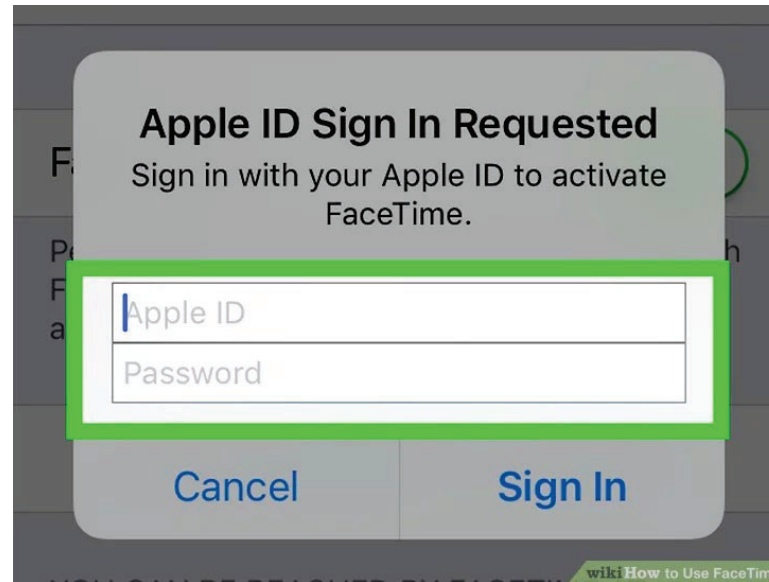

# Setting up FaceTime

- ▶ Tap Use your Apple ID for FaceTime. You'll find this option near the middle of the page.

# Setting up FaceTime

- ▶ Enter your Apple ID email address and password. Type in the email address and password that you use to log into your Apple account.

# Setting up FaceTime

- ▶ Tap Sign In. It's below the sign-in window. This will enable additional options on the FaceTime page.

# Setting up FaceTime

- ▶ Make sure your phone number and email address are correct. Beneath the "YOU CAN BE REACHED BY FACETIME AT" heading in the middle of the page, check the phone number and email address to ensure that they are correct.
- ▶ Phone numbers and email addresses with checkmarks next to them are currently places people can reach you via FaceTime.
- ▶ Tap a checked email address or phone number to remove the checkmark.
