Guildhall, Thursday 25th June 2026
Mayoral Update – Alderman Sir Andrew Parmley

Thank you, Town Clerk.

The Lady Mayor sends her apologies as she is on a visit to Germany.

I am just going to give a brief update.

In recent weeks, the Lady Mayor has visited Japan and South Korea, meeting insurance and fintech firms in both countries and meeting the Tokyo Metropolitan Government, with whom we have a long-standing relationship.

Today, the Lady Mayor is in Frankfurt, meeting Frankfurt Main Finance – the representative body for financial services there – and several major German firms.

We recently hosted the Business and Trade Dinner at Mansion House, where the Lady Mayor launched the Team UK campaign – to counter disinformation and promote the strengths of London and the UK to global audiences.

With London Climate Action Week this week, the Lady Mayor was honoured to welcome His Royal Highness the Prince of Wales to Guildhall for the Earthshot Prize Impact Assembly, as well as speaking at the Net Zero Delivery Summit at Mansion House.

In the coming weeks, we look forward to the annual Dinner to His Majesty's Judges and the Financial and Professional Services Dinner.

There will be a fuller update at next month's Court.

Thank you very much.
